2. **President’s Report**
   a. **Report on Presidents Meeting with Councilman Joe Buscaino.** James Allen filled in for President Linda Alexander and attended the President’s Meeting at Harbor College. He gave a brief overview of items discussed. At that meeting Central SPNC’s template for tracking CD issues was shared with the other NC’s. A date will need to be chosen for the Town Hall Meeting with the LAPD.

3. **Consent Calendar:** The following items were approved by consent of the Board with a vote of 9 yes, 0 no, 1 abstention (Moved by Sue Castillo, seconded by Pat Carroll)
   - Proposed Agenda for May 14, 2013 Meeting Stakeholder Meeting (this item was on the agenda due to no quorum being present at the Agenda Setting Meeting).
   - Minutes of April 9, 2013 Board and Stakeholder Meeting
   - Approval of the Bylaws changes was taken off the consent calendar for further discussion.

4. **Public Comment on Non-Agenda Items**
   - **Diana and Sean Cameron:** Residents on West 9th Street had questions on the expansion of the historic district and on a current property being developed in that area. (Palos Verdes Street between 8th and 9th). Their primary concern is that big developers will come into the Vinegar Hill area and change the historical nature of the area.
John Ottina: He has purchased property on Vinegar Hill and would like to see a long term vision before the now vacant lots are developed.

James Allen commented that the expansion of the Vinegar Hill area was included in the new Community Plan and there is one property owner that did not want to be included in the plan. He is proposing to build a 4 unit apartment building and as citizens we have a right to object.

Jonathan Lamborn: Commented on his concerns with dangerous trees on Mesa.

Art Almeida: Voice concerns with safety issues due to lack of a sidewalk at the area of Gaffey Street from the Elberon bridge to the animal shelter.

J. K. Drummond: Commented on recent problems he witnessed with homeless people in the area around the Big 5 Sporting Goods Store on Gaffey. (Officer Nua responded that the LAPD can send out their Mental Evaluation Unit in such situations).

June Smith: Announced the “Selection” of Coastal Board members on Saturday May 18 at the Nature Preserve off Paseo del Mar.

A stakeholder also voiced concerns about trash and poor upkeep of bathrooms at Ports O’Call (The Port Police representative offered to check into the situation).

5. Recommendation to Move Monthly Stakeholder Meetings from Port of Los Angeles High School to Crowne Plaza Hotel: Allyson Vought gave an overview of the benefits of moving the meetings from the Port of LA High School to Crowne Plaza. A motion was brought forth from the Outreach Committee recommending that the Central SPNC Board approve the relocation of the monthly meetings to the Crowne Plaza Hotel from June to December 2013. The main objection by several board members was that this would eliminate the showcasing of local restaurants at our meetings. After discussion the board voted 4 in favor and 5 opposed. The motion failed.

6. Public Safety:
   a. LAPD Report (Senior Lead Officer Nua):
      • Officer Nua provided a handout with crime statistics and gave a brief overview to the stakeholders.
      • There was a 1.4% increase in Part One crime in the Central San Pedro District. The LAPD is contacting neighborhood watch groups to get the word out.
      • The Skateboarding Ordinance is in effect and citations are being written. They are trying to educate the kids and then cite them.
   b. Report from Police Community Advisory Committee: No report.
   c. Update on Status of Chief Beck’s Town Hall Meetings & Email from Dep. Chief Greene: James Allen reported on the response to Central’s letter written to Chief Beck. Deputy Chief Greene will be involved in setting up a town hall meeting. The next step will be to plan a suitable date.
   d. Unsafe Trees on 11th & Mesa. The trees have been trimmed.
   e. Port Police: Sergeant Howley gave an update on Port issues and also commented that he is addressing the Ports O’Call issue of dirty restrooms and trash in the parking lot brought forth by a stakeholder earlier in the meeting.

7. Land Use, Planning and Public Works Committee Report & Action Items: Sue Castillo reported on the committee meeting and brought forth the following recommendations for approval by the Board.
   a. Proposed construction of a fueling station at 311 N. Gaffey: The committee recommends approval of the developer’s plans for a fuel station and small market at 311 N. Gaffey Street without restriction as to the hours of operation, subject to neighborhood council review and approval of the plans for the following remaining items of concern, prior to the issuance of construction permits.
      1) Consistency with our community design guidelines as to the following items: building elevations and detailing, fuel island canopy and columns, and station signage;
2) Landscape palette to match the adjacent welcome park, with canopy trees in the planter separating the public sidewalk and the fuel pumping area. Specifically ask that the neighborhood council be used as a design review committee. Committee recommendations approved by the full board with a vote of 7 yes, 0 no, 1 abstention. (Phill Trigas recused himself from discussion and voting on this item)

b. Improvement of bus stop on South side of 7th Street east of Pacific Avenue: The committee recommends that we continue to pursue the improvement of this bus stop, and seek the following: 1) Removal of the illegal pay phone obstructing the sidewalk in the vicinity of this bus shelter. 2) Movement of the bus shelter to the North side of the street, where shade is desirable for waiting bus passengers. 3) Placement of benches matching our downtown street furniture against the adjacent building wall in order to provide more width for passers-by. 4) Replacement of the old trash can with a new receptacle matching our downtown street furniture. 5) The addition of pedestrian-scaled lighting should be considered if the existing street light does not provide lighting that meets standards for a bus stop. 6) Repaving of the sidewalk in the immediate vicinity of the bus stop, possibly with special colored paving. 7) Removal of the iron security gates and canister wall signage on the adjacent building at 700 S. Pacific, as these are not compliant with our community design guidelines overlay (CDO). 8) The creation of a mural or other artwork on or adjacent to the building wall at 700 S. Pacific. These recommendations would go in writing to council office planning department and agencies that provide service at that location. Committee recommendations approved by the full board with a vote of 8 yes, 0 no, 1 abstention. The letter will be written by Sue Castillo. There was an objection from a stakeholder to the removal of the pay phone.

8. PCAC Report: Carrie Scoville reported:
   a. Update on Recent Decision by Board of Harbor Commissioners to dismantle PCAC:
      • Carrie Scoville spoke on the issue. A number of NC’s would like to form a Port Committee to address issues in the fashion that PCAC operated.
      • June Smith, immediate past co-chair of the PCAC, gave an overview of the PCAC. Her comments to the BOHC report can be seen on the video on the Port website.
      • Motion introduced by Carrie Scoville:

      Whereas, the Central San Pedro Neighborhood Council views with concern the decision by the Board of Harbor Commissioners to abolish the Port Community Advisory Committee, and condemns the method by which the Port of Los Angeles carried out the act, without providing neighborhood councils adequate time to consider and advise on the matter.

      Therefore, be it resolved, Central San Pedro Neighborhood Council advises that a regional Neighborhood Council committee on port and environmental affairs be created by joint action of the Harbor Area Neighborhood Councils, such committee to consist of 3 or 4 appointees from each Neighborhood Council, and not limited to board members or stakeholders of the appointing Neighborhood Council, and

      Therefore, Central San Pedro Neighborhood Council calls on the newly elected Mayor to support the creation of this organization and to instruct the Board of Harbor Commissioners and the staff of the Port of Los Angeles to meet with the regional committee, to invite reports from the committee at regularly scheduled meetings of the Harbor Commission, and to fund its activities at a reasonable level when so requested. Motion seconded by Sue Castillo and passed by the board with 9 yes votes, 0 no votes, 1 abstention.

   b. Port of Los Angeles MOU Motion:

      Whereas the Port of Los Angeles has proposed the creation of a Memorandum of Understanding (MOU) between itself and Harbor Area Neighborhood Councils, and

      Whereas, the Neighborhood Council system has established procedures for developing MOUs with City agencies as in the MOU with the Department of Water and Power, and

      Whereas the Port of Los Angeles has been calling meetings with NC presidents and Port selected attendees outside Brown Act requirements to, among other things, negotiate this MOU,

      NOW, THEREFORE, BE IT RESOLVED, the Central San Pedro Neighborhood Council advises
that tradition and ethical conduct within the neighborhood council system requires that all Los Angeles city Neighborhood Councils be allowed to participate in the negotiations that create an MOU between themselves and any city department, and that all Neighborhood councils be allowed to join in any such MOU and to participate in advisory bodies set up by such MOUs.

and THEREFORE, BE IT ALSO RESOLVED, that the Central San Pedro Neighborhood Council hereby suspends participation in the NC presidents meetings with the Port of Los Angeles until further notice.

Sue Castillo moved to amend the motion to delete the last therefore (as shown above with strike-through) seconded by April Jappert. Motion to amend passed with 6 yes votes, 3 no votes, 1 abstention. Motion as amended passed with 9 yes votes, 0 no votes and 1 abstention.
