

Whereas Central San Pedro is significantly over-paved with concrete,

And Whereas Central San Pedro is lacking a density of native flora to support natural temperature control,

Be it resolved that the Central San Pedro Neighborhood Council supports the City Council's efforts to control the rise of average temperatures in the City of Los Angeles.

The Central San Pedro Neighborhood Council looks forward to the establishment of a Committee on Cooling and Urban Heat Impacts, so that it may give and receive information relevant to our community.

Be it resolved that the Central San Pedro Neighborhood Council requests that the San Pedro Community Plan incorporates native species into its projects to conform to the Los Angeles City Council adopted motion (15-0499), which seeks to protect and restore biodiversity throughout Los Angeles.
