

The following candidates have applied for the vacant board seats on the Central San Pedro Neighborhood Council and will be considered at the next monthly board meeting.

MATTHEW QUIOCHO

Candidate Statement: I have lived in San Pedro with my family for approximately three years, after living for a number of years in Santa Barbara and having grown up in Pasadena. In March of this year my Wife and I decided to put down roots and chose San Pedro as the city in which to purchase our first ever home. Next year our oldest Son will become a Kindergartener in the San Pedro school system and we recently welcomed our newest Son into the world on Nov 1st. I love San Pedro and want to be an active participant in making San Pedro an even more wonderful place to live, work and do business.

Stakeholder Status: Lives within the boundaries of the Central SPNC.

EUGENIA BULANOVA

Candidate Statement: I moved to San Pedro with my family one and a half years ago and it is important for me to be a part of the community, influence and help it grow and flourish. San Pedro has a very diverse and unique community that loves partaking in local events and activities and it is highly important not to lose that enclosed friendly community spirit and support each one of our cultures. I look forward to becoming a part of the council and decision making process.

Stakeholder Status: Lives within the boundaries of the Central SPNC.

RON VIGNEAULT

I have lived in San Pedro, at the same address, for the past 2 plus years. I have held various leadership positions in the manufacturing industry for the past 20 years. My experience as a leader in business has taught me the value of servant leadership and the power of a people-focused approach. I also have a keen desire to give back to my community and I believe that my experience and skills are well-suited to add value to the lives of our residents. My wife, who is a recent immigrant to USA, and I are active members of Mary Stella Maris Catholic parish and try our best to model our lives on Christian principles. We see a lot of pain and suffering in our community in the form of homelessness, crime, corruption; problems that need immediate attention and must be addressed with a more creative approach than has been employed in the past. If elected to the council I will work with the teams in our community to drive positive change and work hard to achieve the desired results.

Stakeholder Status: Lives within the boundaries of the Central SPNC.

ARACELY YASMIN SCERRA

After 9 long years of being away I am happy to say I am a resident here again. In the last 3 years I have dedicated myself to my job at Harbor Community Clinic as their Quality Improvement Manager. Serving my community has brought me the most satisfaction that any other job I ever had. I believe I have excelled in my position because I am able to put so much heart into my work because I get to serve my community. I would like to be more involved in my community outside of my work!

Stakeholder Status: Lives and works within the boundaries of the Central SPNC.
