SUBJECT: NOTICE OF PREPARATION OF A DRAFT SUPPLEMENTAL ENVIRONMENTAL IMPACT REPORT TO THE SAN PEDRO WATERFRONT PROJECT ENVIRONMENTAL IMPACT REPORT FOR THE WEST HARBOR MODIFICATION PROJECT

The City of Los Angeles Harbor Department (Harbor Department) has prepared a Notice of Preparation (NOP) of a Draft Supplemental Environmental Impact Report to the San Pedro Waterfront Project Environmental Impact Report (SCH#2005061041) for the following Project at the Port of Los Angeles:

West Harbor Modification Project

The Harbor Department has prepared, as part of the NOP, an Initial Study (IS) in accordance with current City of Los Angeles Guidelines for the Implementation of the California Environmental Quality Act (CEQA) of 1970, Article I; the State CEQA Guidelines, Article 7, Sections 15086-15087; and the California Public Resources Code Section 21153.

The proposed West Harbor Modification Project involves development of an approximately 108,000 square foot outdoor amphitheater as well as an entertainment venue on approximately 2.5 acres in the southern portion of the former San Pedro Public Market Project site (now called West Harbor). The amphitheater would provide up to 6,200 seats and would host approximately 100 paid events per year, generally from April through November. The venue also could host smaller, local community, charity, and sponsored events year-round. The Project would also replace a previously proposed 100-foot diameter Ferris wheel with an approximately 150-foot tall by 50-foot wide tower attraction.

The IS/NOP has been prepared in accordance with CEQA, Public Resources Code Section 21000 et.seq., and the State CEQA Guidelines, California Code of Regulations Section 15000 et.seq. The IS/NOP includes a discussion of the proposed project's potential effects on the existing environment, and identification of analysis to be expanded in the forthcoming Draft Supplemental Environmental Impact Report to reduce potential impacts as required under CEQA.
