Re: 399 W 6th Street San Pedro, Niko's Beer and Wine License Application

Niko's Restaurant at 6th and Mesa is planning to expand adding 1600 square feet and increasing their capacity from 60 to 90/95 seats. The hours would continue to be 10 am to 10:30 pm. They are seeking to extend their beer and wine license under the City's new Restaurant Beverage Ordinance. A presentation was made at the Joint meeting of the Central, Northwest and Coastal Planning and Land Use committees on September 25th, and a motion was made and approved by the members of the Central's SPNC Planning and Land Use Committee to provide a letter of support.
