## **MOTION REGARDING THE VINCENT THOMAS BRIDGE DECK REPLACEMENT**

**Whereas**, San Pedro residents were provided an extremely short window for public comment on this very important matter; and

**Whereas**, Neighborhood Councils are the city's grass roots vehicle to learn the concerns and questions about issues affecting our stakeholders; and

**Whereas**, the Central San Pedro neighborhood Council (CeSPNC) has been unable to sufficiently engage with our stakeholders regarding this large-scale construction project, which while needed, will dramatically upset the thousands of San Pedro residents who use this bridge daily;

**Therefore**, the CeSPNC implores city and state planners to provide an additional 90 days for public comment.

**In addition**, the CeSPNC recommends that a committee or task force of community stakeholders be formed to work with CALTRANS during the length and duration of the work. This will allow for a more constant flow of information regarding the progress of the work to the many thousands of effected stakeholders.

Sincerely,

*Matthew J. Quioco*

Matthew J. Quioco  
CeSPNC Board President

CIS approved 16 May, 2023

CC: LA City Councilman Tim McOsker

California State Senator Steve Bradford

California State Assemblyman Patrick O'Donnell
