REQUEST FOR THE BOHC TO HOLD EVENING MEETINGS

The CeSPNC recognizes that the majority of its constituents and others in the surrounding districts are working class people who find it difficult if not impossible to attend 9 a.m. meetings and may not be able to even access these meetings virtually.

We are requesting that the BOHC schedule regular evening meetings or hearings when the agenda items pertain to issues of general interest, as in quality of life, environmental justice, work force and port operations related to climate change. We also request that there be an annual town hall meeting to give a status report on environmental progress of the POLA at a time and place to guarantee maximum participation.

Sincerely,

Matthew J. Quioco
